Sub: Erection of warning sign boards at beaches – Requested – Reg.

Sir,

I oblige to state that despite our various efforts to preclude drowning incidents of tourists at the beach areas of Puducherry Region, still the misery is continuing occasionally due to the inadequate awareness among the visiting tourists particularly at chinnaveerampattinam seashore near Paradise beach.

Perhaps, it is rather to state that most of the victims were found drunken before get succumbed by the waves who were under alcoholic stage and had no cautious about the danger. Hence, apart from necessary directives, adequate warning sign boards may be erected in all the beaches of Puducherry highlighting the danger of drink and swim.

In this connection, it is requested that necessary arrangements may be made to erect required numbers of warning sign boards at all the beaches of Puducherry to create sufficient awareness among the visiting tourists and your staff may also be duly instructed please.

Yours faithfully,

(G. KALAISELVANN)
