

## CYBER CRIME

### **AWARENESS CUM ADVISORY ON VIDEO CALLS**

It is the open secret that most of us spent our times or getting engaged either browsing or chatting on Facebook or Instagram or Whatsapp. We get introduced to **unknown persons believing their profile photo and entices** by their chatting / photos without knowing is really on the other side.

- Video Calls in **Facebook or Instagram** from them (unknown person)
- Video calls in **Whatsapp** from unknown person who may know you.
- **Any other application** facilitating Video Calls

During such video calls, the **masked unknown accused person remains invisible or his fake profile photo will be visible**. If such call is attended, the unknown caller **captures "Screen Recording" or Screen Shot photo**. Then the unknown caller will **morph the video or photo captured as pornographic** videos or picture and start **Sextortion or Extorting money** by putting pressure of publishing it in all the Social Medias or to the friends and families. Hence, it is advised not to chat with unknown persons believing their fake profile ID as True.

If anyone become a **victim with or without knowledge** then **"Don't hesitate to lodge complaint and don't be scarred**.

#### **Points to be remembered**

1. Cyber fraud accused are **not near** you to physically attack you.
2. **Don't keep on expecting**, what he is threatening and what he will do next.
3. **Keep away** from Facebook / Instagram / Whatsapp / SMS.
4. **Lodge Complaint**
