Puducherry, Dated : 18-06-2021

CIRCULAR

Sub: DIT, PYSDC – Hosting of Web Sites / Application to PYSDC from NIC Cloud - Reg
- : oOo :-

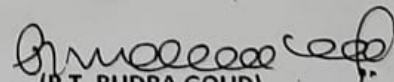

As a part of the erstwhile National e-Governance Plan, Puducherry State Data Centre (PYSDC) was established in the year 2011 in a full-fledged manner and hosted all the applications / websites of all Government Departments of UT of Puducherry. On expiry of Operation & Maintenance period of five (5) years, a second phase of PYSDC was set-up in the year 2019, with minimal infrastructure, due to funds constraint, and the Departments were asked to migrate their Applications / Websites to NIC Cloud on cost basis.

The Operations & Maintenance period for the present SDC is for five (5) years and started from August, 2019. The data centre will continue its operation for further three years i.e., upto July, 2024. The PYSDC possesses high end servers and is now being equipped with the required latest licensed versions of MS Windows Server-2019 and MS SQL Server-2019. It can accommodate the applications / websites developed in Open Source platform as well as MicroSoft Windows environment. Hence, it is proposed to permit the Departments to host their Applications / Websites in PYSDC, free of cost, in order to minimize the financial burden to the administration.

The websites / applications may be brought back to PYSDC in a phased manner, for which the process may be started before one month to expiry of existing Cloud Resource. To schedule the process of migration of websites / applications from NIC Cloud back to PYSDC, the following details are required from the user departments.

Name of the URL / Website / Application	Details of Cloud Resources procured		Amount paid towards Cloud Resources	Willing to migrate to PYSDC Y / N	Details of Contact Person dealing with website / application Name, Designation, Mobile No., e-Mail ID.
	Valid From (Date)	Valid upto (Date)			

Hence, it is requested to furnish the above details to this Directorate immediately.
