Respected Colleagues,

So much of concern happens in the area of law enforcement that many impacting incidents do not get the attention they deserve. Researching and analyzing such happenings, objectively, does not take place, in view of many reasons.

To overcome this inadequacy, the BPR&D is partnering with and signing Memorandums of Understanding with many Universities and Law Schools around the country to inspire the academia to take up research issues in police, prison and court processes. This information is available on www.bprd.gov.in

It is likely therefore that the Police Headquarters would receive requests from research scholars of various Universities time to time seeking relevant information. The BPR&D urges you to issue appropriate directions to the field formations to facilitate the same in the interest of our service.

This effort has the support and blessings of our Hon'ble Union Home Minister, Shri Shivraj V.Patil.

With personal regards,

Yours sincerely,

(DR. KIRAN BEDI)
