# **Indian Counterfeited Device Restriction System (ICDR) User Manual**

**Introduction:**

Indian Counterfeited Device Restriction (ICDR) system has been introduced by the Government of India for the issue of IMEI certificates for import of IMEI based mobile devices through various custom ports in India. This new system is in operation since 28-01-2020. Users can access and register themselves using ICDR portal <https://www.icdr.ceir.gov.in> to generate IMEI certificates. The intended users can be brand owners, manufacturers, device assembler, importer etc. who wishes to import the mobile device having IMEI.

**IMEI Certificate Generation Procedure:**

Following are the steps to generate IMEI Certificates:

1. Before being able to generate IMEI Certificate, the user has to register company in ICDR portal.
2. After registration user has to create CHA (if it doesn't exist).
3. Create Importer (if it doesn't exist).
4. Create OEM (if it doesn't exist).
5. Register the Device Model (if it is not registered already).
6. Register the IMEIs.
7. Generate the Certificate.
