No.07/SR/SP(PAP)/2013- 79

Dated: 18.04.2013

NOTE

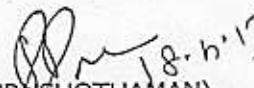

Sub: Production of undertrial prisoners before courts
under escort - Utilisation of Video conferencing
facility - Requested - Reg.

It is to state that in PAP only around 10-15 police personnel are available for performing general duty, which includes escorting of prisoners. As the unit is receiving requisition from the Central Prison to provide escort to prisoners on a daily basis, this unit is struggling to meet the requirement as on most of the days, the number of prisoners would be around 30 to 40. Considering the hardships, the DIGP has given instructions to the SHOs to approach the courts concerned to utilise the video conferencing facility for remand extension. The Judicial Magistrates have also stated that the presence of accused in the court is necessary only at the times of (1) giving free copies (2) framing of charges, (3) examination of witnesses and (4) Questioning u/s 313 Cr.PC. However, it is noticed that nowadays, the prisoners being produced in the courts consists of under trials for the purpose of mere remand extension.

2. In view of the above, it is requested that necessary instructions may be issued to the SHOs/IOs/Court PCs to approach the courts and get their approval for utilizing the video conferencing facility, wherever possible.
