Sub:-Project on Community Counseling Centers

Sir,

Micro Mission: 02 of the National Police Mission has conceived a project for "Establishing Community Counseling Centers" at Sub-Division level in the first phase and to cover all the Police stations in the country later on. The project is to facilitate resolution of conflicts affecting the women, children and other vulnerable sections of society in partnership with voluntary organizations and other resource persons. The project has been approved by MHA on 28.08.2009. A proposal was submitted to MHA on 25.07.2011 requesting for dispensing with the pilots in this project as counseling centers are running in various States of the Country and their utility is well established.
