Sub: CCTNS Project – RFP for selection of System Integrator -
Vetting by the Law Department – Reg.

-oOo-

The Crime & Criminal Tracking Network and Systems (CCTNS) is a Mission Mode Project conceptualized and sponsored by the Ministry of Home Affairs (MHA) towards enhancing outcomes in crime investigation and criminals tracking. It envisages creating a nationwide, networked infrastructure for supporting an ICT (Information and Communication Technologies) enabled state-of-the-art policing system. The Project will be implemented by the State Empowered Committee, chaired by the Chief Secretary, Govt. of Puducherry. As per the guidelines of the MHA, this department has entrusted M/s. Wipro Infotech Limited to perform the role of 'State Project Management Consultant' (SPMC), wherein design and solution of the Project for the Union Territory would be its responsibility.

2. After the approval of the 'Project Implementation & Monitoring' (PIM) Report by the MHA, the 'Request for Proposal' (RFP) for selection of System Integrator (SI) has to be prepared and bids have to be floated, so that the System Integrator will be selected, who will implement the Project in the UT as per the guidelines of the MHA.

3. Accordingly, the RFP for selection of System Integrator has been prepared in three volumes by the SPMC; out of which, Vol. III relates to contractual and legal specifications. As there are financial implications, penalties and other legal specifications involved in this RFP (especially, Vol. III), the same has to be vetted by the Law Department.

4. Hence, it is requested that the RFP in three volumes (enclosed herewith) may be forwarded to the Law Department through the Chief Secretary for its legal vetting. It is pertinent to mention here that the MHA is insisting to float the RFP immediately so as to implement the Project without any delay. Therefore, the Law Department may also be requested to do the legal vetting at the earliest please.

5. Submitted please.
