

Annexure - I

Ref: F.No.22011/23(35)/2010-SR(CCTNS) of MHA dt. 14.02.2011

Comments on Funds allocated for implementation of CCTNS project in UT of Puducherry.

SI No.	Sections	Comments
1	3 (b)	As CAS is the web based application, its customization is not directly related to the No of Police Stations. A Centralize customization will take care of any No of Police Stations.
2	3. (c)	As no additional funds is given for purchase of any System software, it is proposed to opt for the latest technology including cloud computing to accommodate with the allocated funds.
3	3. (e)	The Total cost of hardware and software for Data Center should be increased to Rs. 300 lakhs from Rs. 150 lakhs. Data Center is in infant stage for Puducherry, UT when the hardware required for CCTNS project will be implemented as collocated model. IT department, Puducherry, UT has projected the availability and agreed for the collocated model (flag approved) same may be considered in liaise with DIT.
4	4	14 Non CIPA Police Stations proposed in State Plan not 41 as stated in the section, 41 CIPA police stations mentioned in the State Plan not 14 as stated in the section
