State Project Management Consultancy (SPMC) Selection

- 1) List of SPMC Empanelled is awaited from NCRB.
- 2) Apart from this Director (IT), Department, Puducherry was requested to identify SPMC for the CCTNS Project, Advice is awaited.

Project Information Management Report

SPMC nominated for the purpose will prepare the report (DPR) on the phases of implementation covering funds required, hiring / out sourcing man power for data feeding and Technical Assistance for attending all types of Hardware, Software and Networking problems which will be executed through **System Integrator (SI)** who will be monitored by SPMC in accordance PIM incorporating man power and other requirements.

NEXT STEPS PLANNED

As per the **CIPA State Plan** – Infrastructure Development.

1. Preparation of sites on horizontal and vertical levels of Police Structures.
2. Purchase of Computers / Servers etc. for remaining PSs/Ops and other offices.
3. Purchase of furniture.
4. Purchase of Generators / AC / Other accessories.
5. Establishing of structured network LAN / WAN.
6. Routers for improving the network.
7. High band width broad band with IP for web enabling.
8. Fund for maintenance of the site infrastructures
9. Mode of allocation of the 1st installment 72.62 Lakhs, shall the same be utilized for infrastructure as per CIPA State Plan and to establish computer training centre at PTS / CRB.

STATE SPECIFIC ISSUES

1. Digitization of old and new crime records by SPMC/SI including man power management and instrumentation
2. In CIPA project, FIR's data are being fed by managing with the existing man power. Other remaining data relating to the cases are to be digitized. Instrumentation and man power to be made in the CCTNS project.
3. **Core software to be received for customization from NCRB**
4. HR Software developments by SPMC.
5. Digitization of the old and new HR records by SPMC/SI including man power management and instrumentation

STATE SPECIFIC ISSUES

1. Office Management on spending of funds
2. Hiring / Out sourcing of External Auditor or C&AG officer
3. File Processing (Clerical Level)
4. Centralized specification for all hardware, Furniture and other Technical issues to enable uniform implementation,

SUPPORT REQUIRED FROM MHA / NCRB

1. For any decision making or instructions, Video conferencing method shall be utilized.
2. A mechanism to incorporate need based time to time requirements in the software as part of local customization.
3. A 24 X 7 support for all functional / technical requirements.
4. Migration Guidelines for data adaptation from CIPA to CCTNS
5. Maintenance of Fund
6. Guidelines for Sanctioning Authority / System Integrator / DPR / REP / PIM
7. Role of NIC in CCTNS

CAPACITY BUILDING PLAN

1. Setting up of a Computer Training Centre at Police Training School, Puducherry.
2. Setting up of a Computer Lab & Training Centre at SCRB, Puducherry.
3. To impart basic computer education to all police persons.

Any other suggestion with respect to CCTNS implementation

1. Man power to handle maintenance of Technical and Non Technical issues inclusive of Problems in Networking etc. throughout the implementation and 1 year post implementation. Fund allocation for the above.
2. Centralized back up policy to safeguard the data.

INNOVATIONS / BEST PRACTICES Implemented by UTs / STATES

1. A web based **MIS** (Management Information System) to be established between Police Stations and CRB for integration of data of CIPA / CCTNS.
2. MIS for project management. (<http://demo.pon.nic.in/cipamis>)
3. MIS for online FIRs and SCRIB through **data replication**. (<http://164.100.167.197:8088/home.php>)
